Re: House v. NCAA, Case No. 4:20-cv-03919-CW  
January 31, 2025

Dear Judge Wilken,

My name is Camden Dempsey, and I am a walk-on football player at the University of Colorado. I have been notified that I am considered part of the “Class” for the *College Athlete NIL Litigation*, Case No. 4:20-cv-03919-CW (N.D. Cal.) settlement. The Claim ID assigned to me is **10295436701**. Following my initial letter submitted on behalf of Big 12 walk-on athletes (f Jan. 16, 2025 at Doc. 597), I am writing to provide further support for a grandfathering provision in the House v. NCAA settlement. This letter now represents signatures from walk-on athletes across nine additional NCAA Division I schools nationwide, united in their concern about the impact of the proposed roster limits.

Walk-ons are integral to college athletics, embodying dedication, perseverance, and the true spirit of sport. The proposed roster restrictions will unfairly eliminate opportunities for these athletes, many of whom compete without scholarships or guarantees, simply for the love of their sport.

We respectfully request the inclusion of a grandfathering provision to allow current walk-ons to complete their collegiate careers without counting against roster limits. This solution is fair, feasible, and would protect thousands of student-athletes from losing their place on the teams they’ve worked so hard to join. I would like to also respectfully reiterate my request to testify at the final approval hearing, either in person or remotely, to speak for myself and the countless walk-ons whose athletic careers, financial interests, and due process rights are not being fully considered.

Thank you for considering this critical issue. We trust that the voices of walk-ons from across the country will demonstrate the importance of preserving opportunities for all student-athletes.

Respectfully,  
Camden Dempsey, Football  
University of Colorado, 2025
